About this document. This profile introduces Our Capture to prospective clients and partners. It sets out our services, working process, sector experience and compliance status. Certificates, affidavits, insurance confirmations, references and a tailored proposal are available on request using the contact details on the final page.

A dependable visual partner for serious organisations

Creative craft, professional process and full accountability from brief to final delivery.

Who we are

Our Capture is a visual solutions company headquartered in West Park, Pretoria. Since 2019 we have supported businesses, event organisers, institutions and public-sector clients with professional photography, videography and event coverage.

We pair creative craft with a disciplined production process — clear scoping, planned logistics, briefed crews, secure file handling and predictable delivery — so the organisations we work with always know what to expect.

Where a project also calls for digital or technology work — websites, portals and digital tools — we deliver it in-house, giving clients a single point of contact across both creative and technical scope.

DATA HANDLING

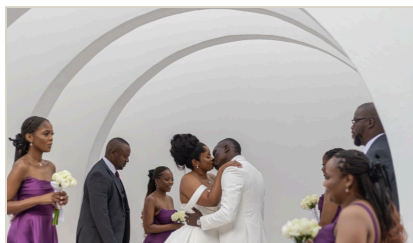

POPIA-aligned

B-BBEE Level 1

Services

Four connected capabilities, delivered to a consistent professional standard.

Photography

Considered, brand-consistent stills for corporate communication, marketing and record-keeping.

- Executive & team portraits
- Product & commercial
- Conference & event coverage
- Facilities & site documentation

Videography & Production

Story-led video, from planning and filming through to edit, grade and delivery in the formats you need.

- Corporate & brand films
- Event highlight reels
- Interviews & testimonials
- Social & campaign cut-downs

Event Coverage

Coordinated multi-operator coverage for functions where nothing can be missed.

- Conferences & summits
- Product launches & exhibitions
- Awards & gala functions
- Same-day selects on request

Corporate content & digital

Ongoing visual content for reports, websites, recruitment and internal communication — plus the websites, portals and digital tools that put it to work, built in-house by our own team.

Annual report imagery

Website & social content

Recruitment & culture

Web & app development

Content libraries

How we work with you

A predictable process with clear ownership at every stage.

01 | Discovery & brief

We meet to understand the objective, audience, deliverables, dates and any brand or access requirements.

02 | Proposal & scope

A written proposal covering scope, crew, deliverables, timelines and a fixed quotation — no surprises.

03 | Planning & logistics

Shot lists, run sheets, site visits, permissions and equipment prep agreed before the shoot day.

04 | Production

Professional-grade crew and equipment on site, working to the agreed plan with on-shoot data backup.

05 | Edit, review & delivery

Edited selects for your review, one round of refinements, then final files via secure transfer in web and print-ready formats.

What you can expect

Standards we hold ourselves to on every engagement.

- A single, named point of contact
- Agreed turnaround times, confirmed in writing
- Deliverables in web and print-ready formats
- Secure file transfer and redundant backups
- Confidentiality agreements accommodated on request
- Insured, professional-grade equipment with on-site redundancy
- Fixed quotations and compliant tax invoicing

Industries we serve

Experience across sectors with different governance, access and brand requirements.

Corporate & Enterprise

Communications, marketing, HR and investor content for established businesses.

NGOs & Development

Impact storytelling and donor-ready reporting content, captured sensitively in the field.

Conferences & Events

Full coverage for organisers, associations and agencies running large functions.

Government & Public Sector

Programme documentation, launches and community engagement, delivered to procurement standards.

Education & Training

Prospectus imagery, graduations, campus life and course content for institutions.

Hospitality & Tourism

Venue, property and destination content for booking, marketing and trade channels.

Client references are available on request, subject to confidentiality agreements.

What makes us a good partner

The reasons organisations keep working with us after the first project.

Full creative range, one team

Photography, video and event coverage under one contract and one point of contact — consistent look, less coordination for you.

Creative and digital in one team

When a brief extends into websites, portals or digital tools, we build it in-house — one team accountable for both creative and technical scope.

B-BBEE Level 1 procurement value

As a Level 1 contributor, engaging us supports your enterprise and supplier development and preferential procurement objectives.

Reliability & accountability

Written scope, fixed quotes, confirmed timelines and clear ownership. We do what we said we would.

Local presence, willing to travel

Based in Pretoria, Gauteng, and available to travel nationally for multi-site work.

Consistent, usable output

Files delivered organised, correctly formatted and ready to drop into reports, decks, sites and print.

Vendor & due-diligence summary

The details procurement and vendor-onboarding teams usually ask for, in one place.

Registered name	Our Capture
Company registration	2019/377494/07
Tax reference number	9986943166 — compliant tax invoices issued
B-BBEE status	Level 1 Contributor (certificate / affidavit available on request)
Years in operation	Established 2019
Data protection	POPIA-aligned handling, storage and disposal of personal information and footage
Confidentiality	Client NDAs and confidentiality agreements accommodated
Business continuity	On-shoot data backup, redundant off-site storage and multi-operator capacity
Equipment	Professional-grade cameras, lighting and audio with on-site redundancy
Digital capability	In-house web and application development, for combined creative + digital scope
References	Contactable client references provided on request

POPIA-aligned means personal information and captured material are collected, stored and shared only for the agreed purpose, kept secure, and deleted or returned on request or at the end of an agreed retention period. Formal certificates, affidavits and insurance confirmations are shared directly with procurement teams on request.

Vision, mission & values

The principles behind how we run the business and treat our clients.

Our vision

To be a leading visual solutions partner in the region — bringing together creative craft and modern technology to deliver extraordinary results for the organisations we serve.

CRAFT MEETS TECHNOLOGY

Our mission

- ◆ Deliver professional work that our clients are proud to put their name to
- ◆ Be dependable — clear scope, fair pricing, and delivery on schedule
- ◆ Build long-term relationships based on trust and respect
- ◆ Keep learning, and bring the best ideas and tools to every brief

EXCELLENCE & INTEGRITY

Our core values

Excellence

The highest achievable quality on every project, large or small.

Integrity

Transparency, fair dealing and doing what we said we would.

Innovation

Using better tools and methods to serve the brief.

Collaboration

Working as an extension of our clients' teams.

08

Let's talk about your project

For partnerships, tenders, panel enrolment or a specific brief — we respond within one business day.

Contact details

We welcome enquiries from communications, marketing, procurement and events teams.
